Dear Darren:

I wanted to let you know that we are very pleased with the new roof your company installed at my home.

It was a pleasure working with you from start to finish. I am particularly impressed with your eagerness to get the job done in a timely fashion as well as your attention to detail and willingness to go over and above what was expected.

The clean up at the end of each day as well as project completion was exceptional. I would be happy to recommend your company to anybody that is looking for a new roof.

Sincerely,

A handwritten signature in black ink, appearing to read 'Rick Carlson', with a long horizontal line extending to the right.
