

"From the first time I met Darren with Daza Roofing he was easy work with. He is very personable and friendly and always goes the extra distance to make sure that the job is done well, on time, and within budget. Since 2006, when Darren first started with Woodmaster Homes Ltd, I have not had a single warranty call, and I have found that his workmanship is the new standard for all trades. I highly recommend Darren with Daza Roofing."

Thanks
